Dear Andrew,

As our two organisations enter the 3rd year of their association in conducting the annual Barrington Tops SAREX, I write this short note to express my appreciation for the assistance offered by your Club.

The TLCC Sydney club members have enabled us to deploy our searchers into difficult to access areas while allowing us to do this in a timely manner which allows maximum search time. In doing this they have exhibited considerable skill, resourcefulness and cheerfulness in overcoming obstacles in getting us to where we need to be.

I look forward to our two organisations continuing their relationship.

Regards,

BUSHWALKERS WILDERNESS RESCUE SQUAD INC.
